

## Overview

US Imaging is a program provided at no charge by BAS exclusively for advanced radiology procedures including MRI, CT, and PET scans. All employees and dependents enrolled in the medical plan are automatically eligible for the US Imaging program.

### Why US Imaging?

- ◆ Provide **VIP concierge scheduling** at a time and place convenient to the employee (typically within 24-48 hours) and take care of all the details
- ◆ Access to a national network with over 2,400 facilities with **state-of-the-art equipment** that meets top imaging standards
- ◆ Employees may **save hundreds of dollars** on out-of-pocket costs when utilizing US Imaging's national network

### How It Works

- ◆ When a doctor prescribes an advanced imaging test (MRI, CT, or PET scan), the employee or doctor will call US Imaging at **877-874-6385** to schedule\*
- ◆ US Imaging will arrange for an appointment at a time/location convenient for the employee
- ◆ US Imaging provides written appointment confirmation and directions to the employee as well as what they can expect during their exam
- ◆ US Imaging obtains a copy of the prescription from referring physician and submits it to imaging facility in advance of employee's appointment
- ◆ US Imaging makes a reminder call to the employee before their appointment
- ◆ US Imaging contacts the employee after their exam to ensure satisfaction

\* Based on your health plan, pre-certification may be required. Please check with your Human Resources department for details.
