Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$3,500** Individual / **$7,000** Family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Deductible does not apply to: · ACA Preventive Care services	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at: www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	**$8,150** Individual / **$16,300** Family	The out-of-pocket-limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket-limits until the overall family out-of-pocket-limit has been met.
What is not included in the out-of-pocket limit?	Penalties for failing to follow the pre-certification procedures premiums, balance-billed charges and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket-limit.
Will you pay less if you use a network provider?	No.	This plan does not use a provider network. You can receive covered services from any provider
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.
